We have successfully partnered with Pevonia Consulting on several projects worldwide. Pevonia Consulting successfully integrates spa design with the owner's vision and the architect's plans to create a beautiful and functional property. Every detail of space planning is addressed to ensure the ultimate spa experience for guests, an excellent working environment for therapists, and increased profits for owners.

Joe Barone - Director of Fitness & Spa Services, Boca West Country Club, Boca Raton, FL

With the help of Pevonia Consulting in the total design and development of our new 36,000 square foot spa facility, we are able to maintain our status as the number one private club in the state of Florida and hopefully move up as the number five club in the country!

Suzie Reed, Spa Director, Spa Sereno at Caliente Resort & Spa, Land O' Lakes, FL

Our initial design team was unsure where to begin with our spa project, and Pevonia Consulting guided us on the right path. Not only were we professionally and eloquently lead through the start up process, but they were a steady influence throughout the entire development. I would recommend this company to anyone for their attention to detail.

Jerry Gabbard - President, MG GRAND Day Spa, Greenville, SC

Two years ago, my wife and I decided to start a Day Spa. Pevonia Consulting has been instrumental in this project. We were very satisfied and found their expertise both impressive and invaluable.
